(Co-author)

Selected Publications

Instead of listing all papers, I would highlight six representative ones.

For example:

- Relationship between Weight Gain and Survival in Metastatic Lung Cancer (2021)
- Chemotherapy-induced Oral Mucositis Trial (2023)
- Vitamin E for Oxaliplatin-induced Neurotoxicity (2024)
- Pemetrexed Pharmacogenetics in NSCLC
- Lung Cancer Genetic Polymorphism Study
- Curcumin vs Chlorhexidine in Oral Mucositis

At the end:

A complete list of publications is available on the personal website.
